Welcome to the JAMP Application

This Application Handbook was created by the Joint Admission Medical Program Administrative Office to assist applicants in completing the application for the 2018 entering class. Reading and following these directions will grant insight into the application process and make completing the application much easier. As an applicant, it is your responsibility to read, understand, and follow all JAMP instructions throughout the application process.

About JAMP

The Joint Admission Medical Program (JAMP) is a special pipeline program established by the Texas Legislature in 2001 to assist highly motivated, economically disadvantaged students in preparing for and succeeding in medical school.

Funded by the Texas Legislature through a trustee program administered at the Texas Higher Education Coordinating Board, JAMP constitutes a unique partnership between nine Texas medical schools and 67 public and private four-year undergraduate institutions.

JAMP encourages students aspiring to careers as physicians by offering mentoring, summer enrichment programs including clinical preceptorships at one of the Texas medical schools, scholarships and, ultimately, guaranteed acceptance to one of the Texas medical schools.

Application Tips

Start Early

What is the best way to make sure you get everything done on time? Start early.

Do not wait until the last minute to submit your JAMP application. There are no exceptions for the JAMP deadlines under any circumstances. Applicants should ensure that they complete and submit their application with sufficient time to address any issues that may arise.

Be Prepared

The application is lengthy and requires planning to submit an application that best conveys who you are. Having the following items ready to go before you start the application will ensure that you submit the best application possible.

- Copy of transcript from every college attended to aid in completing [College Coursework] section
- Dates and hours of all employment, community service, research, leadership, and healthcare activities
- ACT/SAT test dates and scores
- Contact information for evaluator(s)

Quality Matters

Although you may be tempted to rush through the process of applying for admission, remember that the quality of the items you submit will make a difference.

During review, the selection committee will consider every factor that has contributed to your academic achievement and your personal achievement. Every item entered on the application will be considered and compared to others in that same group. Therefore, the quality of your application may be the thing that makes you stand out from the crowd—and that results in you getting the decision you are looking for.

Important Note

Do not use the [Back] button while completing the application. Using the navigation buttons and features of your browser is very likely to cause errors and other unpredictable behavior. Instead, use the application's internal navigational features to move from section to section.

Special characters cannot be used in the text boxes. Please remove all special characters when completing the [Essays] section (e.g. <, >, =, @, *, ñ, or [Tab]).

Select the value that best represents how you learned about JAMP.

Indicate the length of time you have lived in Texas. For example, if you have lived in Texas since birth, you might enter “18 years”.

[Questions] Section – Personal Information

Contact Info:

*You may revise this section any time during the application process. *

Legal Name

Enter your first, middle, and last names. You will also enter any salutations or prefixes associated with your name.

Other Names

If you prefer to be addressed by a **different name** other than your legal name, you will indicate that information in this section.

Also, if there are any other names listed on your academic records than what you have already entered, **you must indicate each additional name** then click the [Add Name] button. Examples include maiden names or hyphenated last names.

Email/Phone

If you need to change your email address, do so through the [My Account] link in the upper right-hand corner of the application.

Provide the cell phone number where JAMP and/or medical school admissions officers can contact you. If you do not have a cell phone, you will answer “No” to the question “Do you have a cell phone?”

You will also provide your work phone number – if applicable.

Email is the primary mode of communication between JAMP and applicants. Urgent correspondence will only be sent to you via email. Be sure to keep your email address updated at all times. It is the applicant’s responsibility to regularly check both their email and JAMP application for important messages from JAMP. Providing an incorrect email address will prevent you from receiving important messages from JAMP.

Email messages are often sent to multiple applicants, which some email systems identify as spam or junk email. Some email providers use filters to prevent users from receiving spam. Email filters may interpret an email from JAMP as spam and automatically delete a message to you about the status of your application. To avoid missing important emails, turn the “spam” or “junk” email filters off during the application cycle. If your email provider does not allow you to turn the filter off, you may have to access a “junk mail file” that archives all messages identified as sent to multiple addresses. Periodically check your spam/junk email file for messages from JAMP.

Colleges Attended:

You may revise this section any time during the application process. You will be able to add new colleges/universities as well as newly completed course work.

- List all undergraduate schools you have attended, including dual credit coursework.
- List each school once for each type of degree even if there was a break in attendance. For example, if you attended Houston Community College in the summer of 2013 and 2015, you would list the school once with attendance dates as: Summer 2013 – Summer 2015.
- Include foreign colleges. You do not need to list a foreign college if it was part of an official study abroad program and the coursework appears on the transcript of the sponsoring U.S. college or university.

- **Failure to list all colleges and universities may delay processing of your application and may be considered a violation of your application certification statement.**

Click on the [Add College or University] button. Enter the country, state and a distinctive part of the college or university name and a list of matching institutions will appear. **Keep in mind that the less you type in the [College Name] field, the more results you will get back. Try just entering words that are unique to your college name.**

For example, if searching for The University of Texas at Austin, just enter Austin. Click the [Search] button to obtain your search results.

Select the correct institution and click [Select] to add the school to your list of Colleges Attended. This will fill in the required [Institution Information] fields for the college listing.

If your college was not found in the search, you will need to add the college manually.

Enter attendance dates and degree information. Majors and minors are listed alphabetically. If your major/minor is not listed, select [Other] and enter your major/minor in the designated field. Next, indicate if you were enrolled in an honors program at this school.

Click [Add College Attended] on the bottom left corner of the screen. Continue to enter additional colleges and universities attended by clicking on the [Add College or University] link. Once you have entered all schools, check the box that states: "Click the checkbox if you have no more colleges to enter at this time". Your colleges will not be saved until you have checked this box and clicked [Save] or [Save and Continue].

Terms attended:

Enter all terms during which you have taken coursework at each school listed in the [Colleges Attended] section.

To add a term, click on the [Add Term] button next to the institution for which you wish to add a new term. From the drop-down menu, select the year, term and whether or not the credits are reported in semester or quarter hours. Click [Add This Term] to save. Once you have entered all terms, you must click [Save] or [Save and Continue] or all information will be lost.

The terms listed in this section must match the attendance dates in the [Colleges Attended] section. You cannot add terms that go beyond the attendance dates entered in the [Colleges Attended] section.

College Coursework:

Before You Start

Request an official transcript from each college/university you have attended to use as a reference for completing the [College Coursework] section. This helps ensure that your data is complete and accurate.

You will list all coursework ever enrolled in at every US, US Territorial, or Canadian college. This includes:

- College-level courses taken while in high school (i.e. dual credit courses), even if they did not count toward a degree at any college.
- Colleges at which you took a course, even if transfer credit was later accepted by another school.

Entering Coursework Details

After listing all colleges, you have attended in the [Colleges Attended] section, you will list all terms you have taken coursework in the [Terms Attended] section.

For example, to input your coursework for the Fall 2016 and Spring 2017 semesters will need to create the corresponding future terms in the [Terms Attended] section. Then in the [College Coursework] section, you can list the courses you plan on taking. You will indicate “Not Yet Reported” for the grade. If you are unsure of the courses you plan on taking, list at least one placeholder course such as:

Add a Course

Academic Status:	SR-Senior
Course Type:	RC-Regular Class
Prefix:	BIO
Course Number:	xxx
Course Name:	Course to be determined
Course Area:	OthSci-Other Science
Transcript Grade:	Not yet reported
Credit Hours(##.#):	3.0
Was Last Time Taken:	<input checked="" type="radio"/> Yes <input type="radio"/> No
<input type="button" value="Add Course Information"/> <input type="button" value="Cancel"/>	

All courses that appear on your official transcript (s) and for which a grade and credit was ever assigned will be included in the JAMP GPA calculations, even if they are not included in the GPA calculations of the transcript-issuing school. This includes, but is not limited to:

- Courses that have been repeated
- Courses that you failed, regardless of whether they have been repeated
- Courses you took in high school for college credit that appear on a college transcript
- Courses taken at American colleges overseas

JAMP will verify your self-reported courses against your official transcript(s) and will report any discrepancies to your selected institutions. **JAMP does not enter courses for you.** JAMP will contact you and return your application for corrections or explanations if it identifies a significant number of course discrepancies or omissions.

Failure to properly enter all course information and to make corrections as requested may result in processing delays and may jeopardize your chances for admission.

Select the term you wish to enter coursework for by clicking on the [Add Course] button.

Course Work

Please click the Add Course button to add a course to the specific term. All coursework must be added to every term for this section to be considered complete.

FR: First Year	First academic year following graduation from high school.
SO: Second Year	Second academic year following graduation from high school.

Course Type

1. Indicate course type for the course you are entering. Course types are:

- **Regular Class:** regular class taken in the classroom – no special designation.
- **Distance Learning/Online Course:** indicate if the course was completed via on-line, correspondence, or other form of learning at a distance.
- **Honors:** an honors course is one taken as part of an undergraduate honors program, not a course for which you may have received academic honors.
- **Study Abroad:** indicate if you enrolled in courses at a foreign university as part of a Study Abroad program, and received credit for those courses on a US or Canadian school transcript. (Courses completed overseas that are not part of a Study Abroad program should be treated as foreign coursework and will not be included in the JAMP GPA computation.)
- **Advanced Placement/CLEP:** indicate if you have received credit on your transcript from Advanced Placement or CLEP examinations. AP/CLEP credit is accepted only if the school granting the credit lists the specific course(s) and number of units granted per course on an official transcript. Lump sum credit is not accepted. If these do not appear on the transcript, an official letter from the registrar is required. List AP credit only once, even if more than one institution granted credit.

AP credit appearing on the transcript without subject or course names will be classified as non-science unless official documentation is received. If a letter grade is shown on the official transcript, the letter grade should be listed in the Grade column and will be included in your GPA calculations. If a letter grade is not given on the official transcript or the course is indicated as being passed, then enter the semester hours and, under Grade column, select CR – credit.

- **International Baccalaureate:** indicate if you have received credits on your transcript for completion of an International Baccalaureate Program, an intensive pre-college curriculum sponsored by the International Baccalaureate Organization.
- **Credit by Institutional/Departmental Exam:** indicate if you have received credits on your transcript for successful completion of an institutional or departmental examination.
- **Audit:** any course you attended without attempting to earn credit. These courses will not be included in your JAMP GPA.
- **Developmental:** developmental courses will not count towards the GPA nor will they be calculated into the overall hours.
- **Dual Credit:** college credit earned when a high school student is taking a college course for both high school and college credit. If you took college courses while in high school and received only college credit, you should indicate this Course Type as “Dual Credit”. The credit must appear on an official transcript from the college. Courses may be taken at the high school or at the college, but need to be listed on the application under the name of the college.

1. Enter the departmental prefix for the course as it appears of the official transcript.

Course Number

1. Enter the course number as it appears on the official transcript. Do not enter the section number.

Course Name

1. Enter the course name.

- If the course name is abbreviated on the transcript, you may enter the abbreviation or the full name.

Transcript Grade

1. Enter the grade exactly as it appears on the official transcript.
2. If narrative evaluations are used in your system in lieu of grades, list "Pass" if pass credit was awarded. Copies of narrative evaluations will be forwarded to your designated colleges.
3. As you enter your grades, the application system will convert the grade to a JAMP Grade. The JAMP grading system standardizes the grades to be used in the GPA calculation and to be reported to the admissions review committee. JAMP Grades include: A, B, C, D, F, Credit, Pass, Quit, Failed, Incomplete, and Not Yet Reported (for future or planned coursework).

Credit Hours

1. Enter the credit hours as they appear on your official transcript. You can enter hours up to one decimal point (00.0).
2. All entries must be made in semester or quarter hours. You indicated which your school operates on when adding the terms in the [Terms Attended] section.
3. Do not list course where 0 credit hours were earned, for example, chapel, orientation, etc. If you withdrew from a course, list the number of hours you would have earned had you completed the course.

Note: all Texas schools report credit in semester hours.

Some institutions grant credits as course units. If your grades are reported as units, you will need to convert them to either semester or quarter hours. The back of your transcript should have the conversion. If not, contact your Registrar for the conversion. You can enter hours up to one decimal point – 00.0

Common conversion examples:

Austin College: 1 unit = 4 semester hours

Last Time Taken

Last Time Taken is asking, “Was this the last time you took this course?” Most coursework will be answered as [Yes]. Courses repeated for additional credit, but not for a better grade, such as physical education, chorus, or thesis/research are not considered a repeat and should be answered [Yes].

Instances where you would answer [No]:

1. If you withdrew and re-took or plan to take the course again. For the first time you took the course, enter [No]. When retaken, enter [Yes].
2. If you received a C, D, F, took a Pass/Fail or Credit/No-Credit course then re-took the course for a better grade, enter [No] for the first time taken and enter [Yes] for the last time taken.

Course Taken and Passed	Received C, D, F, Pass/Fail, Credit/No-Credit and re-took course for a higher grade
Enter Yes ("Y")	Enter No ("N") first time course was taken
	Enter Yes ("Y") last time course was taken

Military Credit

Individuals in the U.S. Armed Services frequently receive credit for special courses that they have taken while in service. These courses are considered post-secondary, but do not appear on a college transcript. In other situations, information about these courses may be posted to a Joint Services Transcript. **JAMP does not consider these courses to be college courses and they should not be added to the application.**

In certain situations, colleges/universities may award academic credit for these same military courses, or for experiences gained during military service. Such credit is usually considered “life experience credit” and is awarded as credit hours towards the completion of a degree. In situations such as this, the applicant should indicate the credit hours on the JAMP application, under the college/university granting the credit. Only the credit hours actually awarded by the college/university should be included in the JAMP application.

Transcripts

Applicant must meet with his/her JFD to arrange a sealed official transcript, accompanied by a JAMP Transcript Request Form, be submitted. Only one transcript is required from every regionally accredited US, US Territorial or Canadian college attended. **Do not have any transcripts delivered to JAMP until you have completed the [Colleges Attended] section of your application.**

Official transcripts will be necessary for all undergraduate coursework. **Transcripts must be submitted from each school attended even if:**

- Coursework appears as transfer credit on another school's transcript
- Coursework does not count toward a degree
- Coursework was taken while attending high school

While JAMP will accept transcripts that are not attached to a JAMP Transcript Request Form, JAMP is not responsible for transcripts that cannot be matched to your application due to the absence of a JAMP Transcript Request Form. You are strongly encouraged to utilize these forms.

Photocopies or faxed copies are not accepted.

JAMP recommends that you obtain a personal copy of each transcript for your records to help you properly complete the [College Coursework] section of your application. It is your responsibility to verify and ensure that JAMP has received all of your transcripts. Check the status of your transcripts regularly by logging into your application and viewing the [Application Status] page.

[Questions] Section - Essays

You will not be able to make any changes to this section once you have submitted your application. Review your entries carefully before submitting

To avoid formatting issues, we recommend typing your essay directly into the JAMP application rather than cutting and pasting your essay from other software. Copying formatted text into the application may result in formatting issues that cannot be edited once your application has been submitted. Be sure to proofread carefully.

Note: Special characters cannot be used in the essays. Please remove all special characters when completing the [Essays] section (e.g. <, >, =, @, *, ñ, or [Tab]).

Personal Statement – Required of all applicants

The personal essay asks you to explain your motivation to seek a career in medicine. You are asked to include the value of your experiences that prepare you to be a physician.

The essay is limited to 5000 characters, including spaces.

Personal Characteristics Essay – Required of all applicants

Learning from others is enhanced in educational settings that include individuals from diverse backgrounds and experiences. Please describe your personal characteristics (background, talents, skills, etc.) or experiences that would add to the educational experience of others.

The personal characteristics essay is limited to 2500 characters, including spaces.

Optional Essay – There is one optional essay available to all applicants

Briefly discuss any unique circumstances or life experiences that are relevant to your application which have not previously been presented.

The optional essay is an opportunity to provide the admissions committee with a broader picture of who you are as an applicant.

The essay is optional; however, you are strongly encouraged to take advantage of this opportunity. This is not an area to continue your essay or reiterate what you have previously stated: this area is provided to address any issues that have not previously been addressed.

Optional Essay is limited to 2500 characters, including spaces.

[Proof of Residency] Section

You will not be able to make any changes to this section once you have submitted your application. Review your entries carefully before submitting.

This section contains questions regarding your citizenship, state of legal residence, etc. These questions will determine whether you are classified as a Texas resident or a non-resident.

Applicants who are not US citizens **MUST** provide JAMP with a copy of both sides of their Permanent Resident card. An application will **NOT** be processed without this documentation. The documentation can be uploaded directly to the application or mailed to JAMP. If your Permanent Resident card has no expiration date, enter the expiration date as ten years from the issue date.

[Supporting Documents] Section

*You will be able to make changes to this section once you have submitted your application. You will be able to add or remove planned test dates.

Upload Photo:

As part of your application, you are required to upload a digital photo of yourself. It must be smaller than 100 KB and be in one of the following file formats: jpg, gif, png, or bmp. If you don't have access to a digital photo of yourself, many print shops such as Kinko's can provide you with one.

Letters of Evaluation:

Applicants must submit a letter of evaluation from their JAMP Faculty Director and one from a University Faculty.

Indicating your Evaluators on the Application

Evaluators should know an applicant well enough to evaluate him/her both academically and personally. It is recommended that your evaluators be current/former professors that can speak to your academic ability in the sciences.

To send letters of evaluation from your JFD and a University Faculty member, placeholders for the required letters will be shown. Click the edit button to fill out and complete a letter placeholder.

- **Salutation**
Indicate the appropriate salutation of your evaluator (e.g. Dr., Mr., Mrs. Ms., etc.).
- **First Name**
Enter the first name of your evaluator.
- **Last Name**
Enter the last name of your evaluator.
- **Suffix** (*if applicable*)
Indicate the appropriate suffix of your evaluator (e.g. I, II, Jr, Sr, MD, DDS, DVM, etc.).
- **Relationship to you**
Indicate the evaluator's relationship to you (e.g. Academic Advisor, HP Advisor, Professor, Supervisor, Business Associate, etc.).

You will not be able to save this section until you have completed every REQUIRED letter placeholder.

Be sure your full name and JAMP ID number is on the JAMP Evaluation Form. Individual evaluation letters should be accompanied by the JAMP Evaluation Form (with the waiver signature line completed) if you are waiving your right of access to the evaluation letter.

If JAMP receives an evaluation letter without the JAMP Evaluation Form, it is assumed that the applicant has not waived his/her right of access to the letter.

Evaluators must return the evaluation form and letter to your JFD. Be sure you include your JFD's contact information on the evaluation form. You must be sure the evaluator knows that the form and letter must be returned to your JFD to allow enough time to submit prior to the deadline.

Extra Letters

The JAMP Council prefers to receive only the required evaluation letters. Additional letters are not encouraged.

[Certification & Submit] Section

Certification

In order to submit your application, you are required to certify several statements. Your certification of these statements serves the same purpose as a legal signature, and is binding. Once saved select "Continue".

Submit

Only completed applications can be submitted. The Section Status page will indicate which sections are completed. If all sections are completed a "Submit My Application" button will appear at the bottom of the page. If all sections are not completed, you must return to that section and complete it before a submit button will appear.

After Submitting Your JAMP Application

Monitoring the Status of Your JAMP Application

Checking the status of your application online allows you to follow the progress of your application and the supporting documents and test scores received on your behalf.

GPA

JAMP calculates the following GPA's:

Overall GPA	Comprised of all coursework.
Overall Biology-Chemistry-Physics-Math (BCPM) GPA	Comprised of all biology, chemistry, physics and math coursework.
Overall Non-BCPM GPA	Comprised of all other coursework not included in BCPM GPA.
Undergraduate GPA	Comprised of all undergraduate coursework.
Undergraduate BCPM GPA	Comprised of all undergraduate biology, chemistry, physics and math coursework.
Undergraduate Non-BCPM GPA	Comprised of all other undergraduate coursework not included in BCPM GPA.

GPA Calculation Rules

The Texas Higher Education Coordinating Board determines the procedures for calculating the GPA for students seeking admission to graduate or professional school in Texas. All institutions must follow these guidelines. The guidelines are as follows:

1. Only official transcripts from **regionally accredited institutions of higher education in the United States** shall be accepted by JAMP.
2. All academic work undertaken and grades or symbols assigned at each institution shall be reflected on the student's official transcript(s). No grade may be expunged from a student's record.
3. All grades assigned for academic coursework shall be used in calculating the GPA.
4. A 4.0 scale shall be used in computing the GPA. (A=4.0, B=3.0, C=2.0, D=1.0, F=0.0)
5. A grade or symbol indicating failure (F, WF, NC, or in a pass/fail system, FL equals F) shall count as hours undertaken, but no grade points shall be earned.
6. Excluded from the GPA shall be any credit by examination (CR), quit (Q), withdrew (W), withdrew passing (WP), incomplete (I or X), and a pass grade within a pass/fail system.
7. The GPA shall be computed by multiplying each grade point (see 4 and 5) by the semester or quarter credit hours earned per course and totaling the products. The semester or quarter hours of courses undertaken shall then be totaled. The total of the products shall be divided by the total semester or quarter hours. The result is to be calculated to the hundredth place, giving the official cumulative GPA.
8. Academic work at foreign colleges, universities, or prep schools shall be excluded from the calculation. In such cases, the GPA and credit shall be evaluated and computed as determined by JAMP.
